

PACKAGES AT A GLANCE

Three packages. One system.

Commercial Brokerage

Same three prices in every industry. This sheet shows what lands in each package when the business is commercial brokerage.

A system that puts every tenant's lease expiration and every owner's loan maturity on a calendar years out, keeps you in touch under your name until the window opens, matches each new listing to the tenants and buyers whose requirements it fits, and watches every date in the LOI, the lease and the PSA.

THE THREE PACKAGES

Pick the one that matches the leak.

Commercial brokerage runs on timing. A tenant rep assignment is won well before the lease expires, a listing is won around the time an owner's loan comes due or a hold period ends, and both go to the broker who was already in the conversation. The expiration and maturity data sits in CoStar, a comp database or a spreadsheet, and the follow-up sits in one broker's memory. About \$875 billion of commercial and multifamily mortgages, 17% of the \$5.0 trillion outstanding, was scheduled to mature in 2026 (MBA). Investment volume rose 21% in the first half of 2026 to \$250.3 billion (CBRE). Every one of those maturities and trades is a conversation some broker started early. Meanwhile the deal already signed carries its own dates (due diligence end, deposit going hard, estoppels, rent commencement, renewal-option notice) that live in one person's spreadsheet.

The Expiration-to-Close Engine

A reply in under 60 seconds on every LoopNet, Crexi and website inquiry and every missed call. An expiration and maturity radar that turns lease and loan dates into prospecting tasks years ahead. An owner and tenant cadence, email and mail first, under the broker's name. A requirement registry that matches every new listing to the tenants and buyers it fits. A CA-gated offering flow, a co-broker registration desk, an LOI tracker and a critical-dates calendar for every lease and PSA. The broker still negotiates, prices and advises. The system does the remembering.

FEATURE MATRIX · PART THREE			
WHAT IS INCLUDED	LAUNCH	GROWTH	FULL ENGINE
MONEY DESK (BUILT AT SNAP CREDIT FIX)			
Owner-routed onboarding Every new client gets the welcome from their own rep: the rep's name, the rep's email and the rep's own sign-up link, so the file lands in that rep's queue. One message per client, never duplicates. For you: per broker.	—	●	●
Billing that runs itself Branded invoice email; a reminder ladder (3 days before due, due day, a 3-day grace nudge, a final notice at 7 days); card-on-file autopay with a 'charge coming up' notice and a 'card declined, update your card' notice; receipts; invoice defaults (terms, due days, logo, from address). Email-first. For you: retainers, consulting and BOV fees, if you charge them.	—	●	●
Commission ledger Commissions calculated from money actually collected, not signed deals, using your own plan rules (splits, first-half / second-half payouts, clawbacks, lead-type rates), with a monthly statement per rep and a 'needs attention' list. For you: co-broker splits and your broker and agent splits.	—	—	●
● included add-on = available at the add-on price — not in this package			

ADD-ONS · WEBSITES & SEARCH

Your website and local search, priced to go with the package.

Starting points, confirmed in your written quote. Sites are built and hosted on the platform your monthly already covers. Every add-on attaches to any package.

ADD-ON	FEE	WHAT IT IS
Online Presence: Starter (bundle)	\$1,800	Core site + Local SEO foundation + social profile set-up (\$2,200 separately)
Online Presence: Complete (bundle)	\$3,200	Full site + Local SEO foundation + brand kit + social profile set-up (\$4,000 separately), first month of Local SEO growth free
Website build: core site	\$1,200	Up to 6 pages, lead capture and booking wired to the CRM, compliance/disclosure pages, mobile, basic on-page SEO
Website build: full site	\$2,400	Up to 15 pages: products/services, locations, team or rep pages, recruiting, blog set-up
Website redesign / migration	\$900	Existing site rebuilt or moved, redirects kept
Additional pages (per 5)	\$350	Product, location, landing or partner pages

Google Business Profile set-up & optimization	\$250	Standalone
Brand kit	\$600	Logo refresh, colors, fonts, email signature, templates
Social profile set-up	\$250	Branded Facebook, Instagram, LinkedIn and YouTube, linked to the CRM
Accessibility review & fixes	\$450	WCAG review and fixes
Google Ads account build	\$600	One-time build; management is the existing \$800/mo line
Local SEO growth (monthly)	\$350 / mo	2 articles a month, weekly Google Business Profile posts, citation/review monitoring, rank and traffic report
Website care plan (monthly)	\$49 / mo	Hosting, updates, backups, uptime, compliance-page upkeep, small edits

We never guarantee search rankings or traffic. Bundle prices replace the 15% with-the-build add-on discount; they don't stack.

TERMS

The fine print, in plain words.

- **Same three packages, same prices, every industry.** What changes is what goes inside them for commercial brokerage.
- Each monthly fee includes a **\$197 platform licence** for your white-labeled workspace. One bill, no separate software vendor. If you already own your own HighLevel account, take \$197 off the monthly and we build in yours.
- **Ad spend and carrier messaging fees are billed at cost.** We don't mark them up.
- The **build fee is half at signature, half on delivery.**
- **Month to month after the first 90 days.** No long contract.
- **Add-ons bought with the build are 15% less** than the same add-on later.
- **Regulated industries get a compliance review in week one at no charge.** Every template goes to your compliance officer or counsel before it goes live. We build the system and the evidence file; we do not give legal advice.
- **You own everything** — accounts, data, scripts and documents. Your contacts, pipelines, templates and documents export at any time, and the domain and sheets are registered in your name.

What we ask of you

About two hours for intake in week one, a thirty-minute review each week during the build, and one hour at handoff. After that, the only thing the system needs from your team is that they answer the leads it hands them. That one is not optional, and it is the single biggest difference between clients who get results and clients who don't.

Proof

Snap Credit Fix, a California credit repair company in one of the most regulated categories there is, runs on a system I built for them: leads answered in under a minute and assigned round-robin, a 52-week nurture, a re-activation campaign across roughly 40,000 past leads, a dealer referral program with printed QR counter cards and automated monthly statements, and a Monday report the president reads first. If it passes there, it passes in yours.
