

PACKAGES AT A GLANCE

Three packages. One system.

Insurance Agency

Same three prices in every industry. This sheet shows what lands in each package when the business is independent and captive insurance agencies.

A system that answers the lead in seconds instead of 20 hours, runs the renewal review cadence, saves the pending cancels, and rounds the mono-line households.

THE THREE PACKAGES

Pick the one that matches the leak.

Your book bleeds 12 to 16 points a year at the industry-average 84% retention, your internet leads sit for about a day before anyone calls, and your CSRs spend roughly a third of their week on renewal touches, pending-cancel calls, document chasing and ID-card requests. Only 20% of auto shoppers with a home were even offered a home quote, so the rounding gap is systemic, not a people problem.

Launch

\$3,500 build

then **\$697** / month, platform included

A small team whose main leak is response time and follow-up.

- Tracked number, domain and email
- Pipelines in your team's language
- Lead capture with written consent
- Reply in under 60 seconds
- Round-robin with a claim window
- Missed-call text-back
- Booking calendars
- 5-day follow-up drip

Growth

\$6,500 build

then **\$1,197** / month, platform included

Everything in Launch, plus onboarding, retention, re-activation and your industry engine.

- Everything in Launch
- Branded email templates
- Client onboarding
- Invoicing and payment links
- Document and signature chase
- The Renewal & Retention Engine

Full Engine

\$9,500 build

then **\$1,697** / month, platform included

Everything in Growth, plus partners, full operations and the monthly think-tank.

- Everything in Growth
- Referral partner program
- Printable partner materials
- Monthly partner statements
- Partner outreach campaign
- Monthly automation think-tank

The Renewal & Retention Engine

Speed-to-lead and missed-call coverage on the front door, and a Renewal and Retention Engine on the back: an x-date pipeline, a 60/45/30-day renewal cadence with remarketing flags, a same-day pending-cancel save flow, account-rounding sequences and a carrier document chase. The AMS stays the system of record; bound clients push into it.

FEATURE MATRIX · PART ONE

WHAT IS INCLUDED	LAUNCH	GROWTH	FULL ENGINE
FOUNDATION AND SPEED TO LEAD			
Tracked number, domain and email	●	●	●
Pipelines in your team's language	●	●	●
Lead capture with written consent	●	●	●
Reply in under 60 seconds	●	●	●

Handoff booklet, kept current	—	—	●
Monthly automation think-tank	—	—	●

● included — not in this package

TERMS

The fine print, in plain words.

- **Same three packages, same prices, every industry.** What changes is what goes inside them for independent and captive insurance agencies.
- Each monthly fee includes a **\$197 platform licence** for your white-labeled workspace. One bill, no separate software vendor. If you already own your own HighLevel account, take \$197 off the monthly and we build in yours.
- **Ad spend and carrier messaging fees are billed at cost.** We don't mark them up.
- The **build fee is half at signature, half on delivery.**
- **Month to month after the first 90 days.** No long contract.
- **Add-ons bought with the build are 15% less** than the same add-on later.
- **Regulated industries get a compliance review in week one at no charge.** Every template goes to your compliance officer or counsel before it goes live. We build the system and the evidence file; we do not give legal advice.
- **You own everything** — accounts, data, scripts and documents. Your contacts, pipelines, templates and documents export at any time, and the domain and sheets are registered in your name.

What we ask of you

About two hours for intake in week one, a thirty-minute review each week during the build, and one hour at handoff. After that, the only thing the system needs from your team is that they answer the leads it hands them. That one is not optional, and it is the single biggest difference between clients who get results and clients who don't.

Proof

Snap Credit Fix, a California credit repair company in one of the most regulated categories there is, runs on a system I built for them: leads answered in under a minute and assigned round-robin, a 52-week nurture, a re-activation campaign across roughly 40,000 past leads, a dealer referral program with printed QR counter cards and automated monthly statements, and a Monday report the president reads first. If it passes there, it passes in yours.
